

Agreement for future co-operation signs

Die Deutsche CB-Funk Organisation

The President the German organization of Cb-radio DCBO (Thomas Pfannebecker) and President of India fox Germany (Dieter Löchter) have signed an agreement for a future co-operation with the 03.März 2007 in the ECBF. <http://www.ecbf.eu>

Great decision for all impassioned radio CBier's, it will give only one future to the co-operation on a European level. This meeting with Thomas Pfannebecker was prepared since already months ago, this is why it signature was easy within the framework of this contract of co-operation. Industry will have to be induced to really bring the new one within the framework of a free correct communication out of licenses. Here DCBO indicated inter alias the new one in the 2.4 gigahertz by the Motrola company, with 100mW completely new on the market. Its personal desire is a better vocal transmission without breakdown with small devices, numerical technology. DMR446 is a beginning and PMR149 (freenet) which it could promote.

Moreover Dieter Löchter was satisfied about this co-operation, which also for him was clear, with the German organization with Cb-radio (DCBO) it now has a associate with his base like support, which speaks for the base and is accessible for each one.

The two parts will represent together in the future the voting rights for Germany in European Citizen' S Band **Fédération** ECBF
